ALMA MATER

Near the sea that flows along
Stands our school so firm and strong.
Through the years we'll think of you
G. H. C., the grey and blue
Though the years may all go by,
G. H. C. will never die.

She will live in our memory;
She will live in our memory.
Sing her praises one and all;
Let them echo through the hall.
Alma Mater G. H. C.
This we sing to thee.

FOREWORD

We present this book to you and hope that in scanning its pages in years to come, your thoughts will turn to Grays Harbor College.

We have tried to make this 1957 Nautilus a pictorial history of the school year.

We bid good-bye to the old location and old buildings and look forward to a new home for Grays Harbor College next year.

We extend our appreciation to all who have helped to make this year a success.

We have enjoyed having on our campus this year the students who have come from other countries to attend Grays Harbor College.

ADMINISTRATION

SUPERINTENDENT'S MESSAGE

It is always a deep satisfaction to me to see projects such as the year-book completed. It means that students and faculty are cooperating in a project that brings many learnings and understandings valuable to all. It shows a desire on the part of many to be of service to others so that the life we live is more pleasant and fruitful from day to day. It is my hope that the events recorded herein will comprise some of our fondest memories in the years to come.

You in college are learning some of the most vital things that a person can experience. From these experiences will develop our plan of living; the quantity and quality of our contributions to society and above all the stature of our spiritual being. It is my sincere hope that these achievements will be of the highest order.

My congratulations to the Grays Harbor College faculty and students on a successful year. May the 1957 Nautilus be a reminder of this success.

H. J. KRAMER

PRESIDENT'S MESSAGE

I am very happy to have this opportunity in your 1957 Nautilus to express these words of greeting and good wishes.

The custom of publishing an annual each college year seems to me to be an excellent one. No other publication leaves as clear a record of the activities of the year as does the yearbook. I have discovered that the annual serves me and the college as the greatest source of information about former students and their colleagues. In future years the annual serves as an album to which one may turn for records and pictures of college people, college buildings, and college events.

I am happy to join with the faculty and students in complimenting the editor and her staff on the production of this fine annual. Also, I would like to congratulate the members of the sophomore class upon the completion of their work at Grays Harbor College.

The faculty and administration of the college look forward to the new college facilities for next year. It is hoped that we will be located in our new college come next September. The new college plant will add much to our college atmosphere and will be the cultural center of the Twin Harbors area.

My congratulations are offered to the faculty, to the student government, and to the various groups of the college that have made the 1956-57 school year a successful one.

ASSOCIATED WOMEN STUDENTS

For the past two years the Associated Women Students have had as their main project the purchase of silver to be used for their teas and such affairs at the school. To raise the money, they have had bake sales, dances, and sold coke and candy at the ball games.

This year in addition to the sales activities, they have collected coupons with which they have added to the silver service purchased last year.

The Wiitamaki Jewelry Store presented the school with a silver tea pot to match the silver already purchased.

This project will be continued next year.
