This degree requires completion of ninety academic credits in courses numbered 100 or above with a minimum of 2.0 cumulative GPA. Required are fifteen credits in writing and quantitative skills plus fifteen credits in social science, fifteen credits in humanities, ten credits in science, five credits in math, plus twenty credits of specified business electives and ten credits of general elective coursework.

Business School Admission

For program planning purposes, students are advised that the lower-division requirements for individual Washington public university business schools may vary. Admission to Washington public baccalaureate Schools of Business is not guaranteed to students holding an Associate in Business - DTA Degree.

It is strongly recommended that students contact the baccalaureate granting business school early in their Associate in Business - DTA program to be advised about additional requirements (e.g., GPA and procedures for admission).

Please note that admission for many business schools is competitive; and higher grade-point averages and course grades are often required. Please check with your potential transfer institution.

Notes

- To meet the current EWU requirements, the second English Composition course must be equivalent to EWU's English 201-College Composition: Analysis, Research, and Documentation.
- Students are encouraged to include a speech or oral communication course (not small group communication).

- Students aiming for the international business major should consult their potential transfer institution regarding the level of world language required for admission to the major. Five credits in world languages may apply to the Humanities requirement.
- Students aiming for the manufacturing management major at WWU should consult WWU regarding the selection of natural science courses required for admission to the major.
- International students who completed a business law course specific to their home country must take a business law course at a U.S. institution in order to demonstrate proficiency in U.S. business law.
- Five institutions have requirements for admission to the major that go beyond those specified above. Students can meet these requirements by careful selection of the elective University Course Equivalent to:
 - WSU (all campuses): Management Information Systems MIS 250
 - Gonzaga: Management Information Systems BMSI 235
 - PLU: Computer Applications CSCE 120, either an equivalent course or skills test
 - SPU: Spreadsheets BUS 1700, either an equivalent course or skills test
 - WWU: Introduction to Business Computer Systems MIS 220
